Paula Pechonick
The Delaware Tribe of Indians
170 NE Barbara
Bartlesville, Oklahoma 74006

Dear Chief Pechonick:

The Bureau of Land Management (BLM), Northeastern States District (NSD), is initiating government-to-government consultation with the Delaware Tribe of Indians regarding two expressions of interest (EOIs) to competitively lease approximately 75 acres of federally owned subsurface oil or natural gas resources under the Wayne National Forest (WNF). The EOIs have been analyzed under the Environmental Assessment for Oil and Gas Leasing, Wayne National Forest, Marietta Unit of the Athens Ranger District, Monroe, Noble, and Washington Counties, Ohio (DOI-BLM-Eastern States-0030-2016-002-EA). An initial records search conducted by the Wayne National Forest revealed that there are no known cultural resources within the boundaries of the proposed EOIs (see enclosed maps).

The EOIs do not directly authorize any exploration for oil and gas or other ground disturbing activities; rather, they give the lessee the right to apply for an application to drill (APD) for the next 10 years. Ground disturbing activities which may occur under an approved APD include the construction of access roads, oil or natural gas driving pads and wells, pipelines, equipment staging areas, and other associated structures. Should the lessee submit an APD, site-specific analysis will be conducted under the National Environmental Policy Act (NEPA) and Section 106 of the National Historic Preservation Act in accordance with 36 CFR 800. A cultural resources report will be completed and approved by the Ohio State Historic Preservation Office, the BLM and your Historic Preservation Specialist. Additional consultation with the Tribe will also be conducted prior to any ground disturbance and the lease documents will include stipulations covering accidental discovery of undiscovered burials and archaeological materials.

We are asking if you or any members of the Tribe can provide us with knowledge of any archaeological sites and locations currently used for religious purposes or are recognized as sacred locations within the project area. This will allow us to address potential impacts and develop appropriate mitigation

strategies. Any information you provide to the BLM will be held in the strictest confidence as provided by law.

In order to facilitate our compliance with legally mandated timeframes, your information is requested within 30 days. If you have any questions, comments, or concerns about the BLM's processes or procedures and its consideration of cultural resources for this undertaking, or will require more time to review the information provided, please contact Stephanie Carman, Assistant District Manager, at (414) 297-4450, or scarman@blm.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dean S. Gettinger", with a stylized flourish at the end.
